

## synTQ User Group Meeting: Europe | 4-5 June 2024

### by Optimal Industrial Technologies

We are looking forward to welcoming you to our upcoming synTQ User Group Meeting! It will take place 4-5 June 2024 in the University of Applied Sciences and Arts Northwestern Switzerland (FHNW), Basel, Switzerland. We are very grateful to Prof. Thomas Villiger from the Bioprocess Technology Laboratory at the FHNW for hosting us.

The event will be focused on you – the synTQ user. The majority of presentations will be given by end users, with a small number from Optimal. There will also be a tour of Prof. Thomas Villiger's labs running synTQ and some discussion workshops. Please get in touch with us if you'd like to give a presentation.

Of course, there will also be plenty of coffee breaks and a social event for you to network with fellow synTQ users.

To sign up, use the online form [here](#).

Please note: this event is open to synTQ end users only.

#### The Programme

We have been working hard to create a jam-packed programme that we hope will involve and inspire everyone.

A detailed agenda will be released closer to the event.

#### Day 1 – Tuesday 4<sup>th</sup> June

**9:00–17:30** synTQ User Group Meeting programme, including:

- Presentations from end users and Optimal *please get in touch if you'd like to present!*
